

# Dagley's Boatworks

Listing URL: <https://www.lunenburgdistrict.com/map/boat-services/dagley-s-boatworks>

At Dagley's Boatworks we combine old-fashioned craftsmanship with new technology to custom-build or restore a boat that will give you years of enjoyment. Each project is carefully planned to suit your needs, then skillfully developed using epoxy, fibreglass and vinyl-ester in composite construction and durable low-VOC paints. The end result is a boat that handles well in the water, is pleasing to the eye and is easy to maintain. And last but not least, our prices are reasonable.
