

Eastern Lights Transport

Listing URL: <https://www.lunenburgdistrict.com/map/business-professional-services/eastern-lights-transport>

We sell holding tanks and offer bulkwater delivery water for: pools, wells, hot tubs, holding tanks, ponds, lawns, ships or any of your larger water needs. We have a small and larger tanker to be provided depending on our customer's requirements.

We haul only potable water from The Town of Bridgewater's purifying station. Whether you require it for your lawn, pool or pond, it's always water that is safe to drink.
